I don't really know what to say, this year has been (so far) the most interesting year I had. I have accomplished every idea I thought of pursuing and I made some great friends along the way. Hanging out at school related clubs, watching movies (haha) I just pretty much live all of my life to the fullest. This is probably not the most fun idea.

To The Class of 2007,

I am an avid newspaper reader, but sometimes, not a very good one. I start with all good intentions to read the most important news stories and editorials of the day, and then, invariably, I am sidetracked by an obscure or absurd article that distracts me from any serious pursuit of the day's news. Headlines such as: Pie Fairy Visits Ohio Man, The Return of Snowzilla, Robots Could Demand Independence, and \$110.00 Hamburger Lands On Menu are the kinds of stories that I just can't resist even as I am trying to get the latest news about the Middle East or Beacon Hill. I tell you this so that you will understand why I am writing about the following story, which I stumbled across recently, in your yearbook.

Fifty years ago, in June 1957, the fine citizens of Tulsa, Oklahoma decided to bury a new car in a time capsule under the sidewalk in front of the Tulsa County Courthouse. They wanted to preserve something of 1957 American culture and tradition that would speak to Americans in the 21<sup>st</sup> century. They decided that the great tail-finned monstrosity known as a 1957 Plymouth Belvedere Sport Coupe was a good representation of mid-twentieth century American life, and after wrapping the car up in a

protective film, they sent it underground to hibernate until June 2007, your year of graduation and a very early year in this fast-moving, technological twenty-first century. Packed inside the car are maps, statements from religious, political, labor, and educational leaders, flags, money, and cigarettes. (Talk about an icon of the 1950s!)

All of this made me think about the fact that you are also time capsules. We -- teachers, administrators, teacher assistants, custodians, and kitchen staff -- are all trying to fill you with information to take into the future with you. Our goal is to preserve what's best of our culture and send it forward with you. You will shape the world with your political and economic decisions in 2025, 2050, and beyond. You are a wonderful class, accomplished in scholarship and athletics, and extremely generous to and aware of those in need. It is my hope that you will continue to be the humane, intelligent, sophisticated, and mature young men and women as you enter into adulthood.

The Plymouth Belvedere will be unearthed on June 15, 2007, just about the time that you are being sent forward into the world of college and careers. It is my hope that the Plymouth has survived its time underground and emerges in pristine condition on the morning of its disinterment. Likewise, it is my wish that as you leave AHS you grow and thrive and become powerful and thoughtful citizens of the twenty-first century.

Best Wishes Always, Charles Skidmore, Principal

Time after Time
Lying in my bed I hear the clock tick and think of you Caught up in circles confusion — is nothing new Flashback — warm nights — almost left behind Suitcases of memories, Time after -time. If you're lost you can look - and you will find me Time after time If you fall I will catch you — I'll be waiting, Time after time.

#### TEN THINGS TO KEEP IN MIND

(to make your life a little better)

#### 1. TRUST YOUR INSTINCTS.

If it doesn't feel right, it probably isn't but not right.

#### 2. REMEMBER YOUR MANNERS.

If it doesn't cost you anything, but it speaks volumes about who you are, having class starts with this.

#### 3. NEVER LET POSSESSIONS 'OWN' YOU

It's just stuff! The most valuable things in life – Friends, Respect, Love, Knowledge – don't cost Money . . . . Hokey, but true.

#### 4 NURTURE YOUR FRIENDSHIPS.

The investments you make in true friends will pay huge dividends all your life – remember, you can't make an old friend.

#### 5. KEEP YOUR HANDS CLEAN.

This is meant both literally and figuratively . . . It will save you a lot of regrets later . . . .

#### 6. BELIEVE IN YOURSELF.

Yeah, this is another hokey one, but you do happen to be the Fun, tempting . . . maybe, the only you in existence, and you are also the only person in the world who can truly hold you back in life , . , . , . think about it.

#### BE GRATEFUL.

Don't waste all your todays in anticipations of some good tomorrow. Now is all we've got. Live in it!

#### 8. TREAT OTHERS THE WAY YOU WANT TO BE TREATED.

The point is, just because you're smarter or richer or prettier than someone else doesn't mean you're better. It means you've been more blessed.

#### ALWAYS KEEP PLAYING.

Who says adults have to give up toys? Keep the little kid inside you alive . . . It keeps your imagination primed. Silly is good.

#### 10. NO MATTER WHAT, YOU WILL ALWAYS BE LOVED.

You don't have to test this one. Just carry it around in your back pocket, and know that no matter what, you can always come home.

\*And, if you can only remember one – "Remember you are loved." And . . . that we are so proud of you! Always and forever, Mom & Dad
